DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed 12 November 2004.

Allowable Subject Matter

2. Claims 1 and 3-16 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The best prior art of record, Kii, teaches an electronic communication system with certain data tables, however, Kii fails to specifically teach the more direct correspondence between the message table and the plural respective word/phrase tables (that are defined so that each table that corresponds to an attribute contains words and phrases). Hence the best prior art of record fails to teach the invention as set forth in claims 1 and 3-16 and the examiner can find no teaching of the specific message system, nor reasons within the cited prior art or on her own to combine the elements of these references other than the applicant's own reasoning to fully encompass the current pending claims. In addition, see applicant's reasoning in amendment/response filed 12 November 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
